"Jason's process of developing my "Green Mind", guaranteed that each idea was a reflection of my individual experiences and growth as a businessman"... "As my "green mind" grew, I began to discern that business ideas were also opportunities to grow and could be used to inspire others to grow their own "green minds", Jason laid the foundation for my vision and the blueprint for my life mission professionally and personally." Lawrence Chambers

### TALK TOPICS

- 1 Microgrid development
- 2 Community solar and wind generation

"Jason's ability to articulate the fundamentals of business aligned with his 20 years of life experience helped my employees understand the global economy on a large scale not to mention humanity on a much deeper level" *Andrew Goodrich*

"Working with Jason has led to many victories to include building a strong business network, repeat clients and investment offers alike. Jason brought new ideas to every meeting and provided a fresh perspective whenever necessary while also working to foster positive relations throughout the company."  
*Barbara Assante*

"Our Goal is to develop green minds that lead the world to a sustainable, healthy future. We want to create as many Green Leaders who think and act with the intention of making an impact that resonates positively with the world eternally." *Jason Safford*
